Hongo Church Performance

Unification <From Division

Towards Unification>

~Now, to unifying the world as one~

Each of us as a human being has "differences" with each other. However, there is only one common thing among human beings. It is "LOVE". Under the common term "LOVE" given by God, as the bigger common item as human beings, people on Earth must truly be able to become unitary. Isn't it the time now that mankind can be united as in "one nation" in the world, as in one Earth, destroying the historically defined frames of "nations" and "religions", and divine-created mankind as the "children of God" can be united to "a sole faith"? This means that we are the crews of "Spaceship Earth". That is "Unification". We would like to draw a future vision that each nation will become a single state of the "Earth Nation" as a planet of love, and that each religion will become united as the "Earth Religion" in which the conventional religions will become as legends.

From the "Prayer of Love and Peace" Performance Visitor Questionnaire

"All the performances were great. I was crying like a baby."
(New York, Student)

"That explains all the teachings of Buddhism," I thought, as I was watching your play 'Prayer of Mother Mary.' If there's another opportunity of your performance, I would be grateful if you use our hall. It is my sincere wish that your performance will be held by religious leaders beyond any religion.
(Buddhist Priest)

"Unification", I think it's very good because it's bringing people together, united. You know, I think for growth, I think for spirituality, I think for the cohesiveness of mankind. I think it's very important.
(New York, Female)

"I want to reconsider my mission once again. I would like to make a change to myself first in order to make the earth a peaceful planet."
(Kagoshima Prefecture, Female)

"I don't want a war will happen. In order to bring peace in this world, I would offer prayers. At the same time, I think that it's important for us to convey the message to many people."

"I know that the light that Ms. Inamori had taken has been burned to you, and now, that light is just burned to us."
(Buddhist Priest)

"I wish a war would be gone from this world and the days of many people's happy life would come. And I want to do something if there is anything I can do. Thanks to today's event, I got that feeling. I'm really thankful to you all."
(Kagoshima Prefecture, Female)

"Thank you for the splendid singing and dancing and playing today. Of all things, the best to me was the message, 'Gods don't have quarrels in heaven.' This is what I'm always thinking of as a Catholic. I have surely received the deadly message from Ms. Inamori."
(Kanagawa Prefecture, Female)

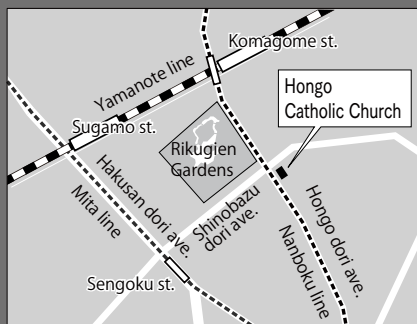

"I have found inspiration from today's performance for what I really have to do as a minister in everything about my life."

About INAMORI Art Project Group

INAMORI Art Project Group (IAPG) was established by a woman, Noriko Inamori who had an progressive intractable disease. She decided to do the things she can do good for the world while living, and established an amateur art group IAPG. We have five units, Drama, Music, Dance, Japanese Taiko Drums, and Art Picture. And we are doing our activities striving for the peaceful world with no wars. Our standpoint is that we are all Earth Family members living on the same Earth, and all the existence on Earth are precious over the racial, ethnic and religious differences.
